--The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

The reply filed 09 July 2010 is acknowledged.

1. ☐ The reply filed on or after the date of filing of an appeal brief, but prior to a final decision by the Board of Patent Appeals and Interferences, will not be entered because:

a. ☐ The amendment is not limited to canceling claims (where the cancellation does not affect the scope of any other pending claims) or rewriting dependent claims into independent form (no limitation of a dependent claim can be excluded in rewriting that claim). See 37 CFR 41.33(b) and (c).

b. ☐ The affidavit or other evidence is not timely filed before the filing of an appeal brief.  
See 37 CFR 41.33(d)(2).

2. ☐ The reply is not entered because it was not filed within the two month time period set forth in 37 CFR 41.39(b), 41.50(a)(2), or 41.50(b) (whichever is appropriate). Extensions of time under 37 CFR 1.136(a) are not available.

Note: This paragraph is for a reply filed in response to one of the following: (a) an examiner's answer that includes a new ground of rejection (37 CFR 41.39(a)(2)); (b) a supplemental examiner's answer written in response to a remand by the Board of Patent Appeals and Interferences for further consideration of rejection (37 CFR 41.50(a)(2)); or (c) a Board of Patent Appeals and Interferences decision that includes a new ground of rejection (37 CFR 41.50(b)).

3. ☒ The reply is entered. An explanation of the status of the claims after entry is below or attached.

4. ☒ Other: The amended claims will be entered because they do not change the scope of the claim and do not require further search and/or consideration. The amendments to claim 25 merely eliminate obvious editorial errors to better clarifying the claimed limitations. The amendments to claim 25 do not alter how the claim was originally interpreted for the Final Rejection filed on November 9, 2009 because for that Final Rejection claim 25 was considered to be substantially the same as rejected claim 1 with the additional step that the temporary adhesion enhancing layer was removed at the end of the claimed method, which is how claim 25 is now presented as.
